**READ THIS INFORMATION**

The Columbus Community Festival Street Fair is an eclectic mix of arts, crafts, commercial merchandise, imported goods, and community & political information. The organizers view the festival as a unique village. The Street Fair booths with their exciting mix of eye-catching goods are the shops along the shaded streets that lead from the food to the stages, from the lemonade to the kids' activities, from friend to friend. Each year the number of applicants grows and the selection panel works very hard to make sure there is a diverse mix of merchandise and community and political action groups. Last year over 600 people applied for 200 booth spaces

Read this sheet and the application carefully, fill out the application (SO WE CAN READ IT) and retain a copy of this sheet. Include all requested materials (give us color photo copies of art or merchandise – be clear and illustrative). Describe your booth in detail. A good application can help get you selected.

# St. Fair Info 2020 Community Festival - FAQs

If you are accepted

You are expected to be present with your booth and open all three days of the event.

Community Organizations: This category requires proof of your non-profit status and you could need a charitable solicitations permit from The City of Columbus if you plan to sell organizational items or accept donations.

Political Action Group (not political parties): No licensing is required for this category because no solicitations are allowed.

**Community Organization Food – THIS IS THE WRONG APPLICATION!**

**You MUST have the correct licenses to participate.**

LIABILITY

The Festival, its organizers and committees do not accept any responsibility for any injury, loss or damage to goods, displays, equipment or persons.

EXHIBITORS PROVIDE

If accepted you will be expected to bring your own tables and chairs, fire rated pop-up tent – canopy – tarp (if you plan to use one). As per Columbus Fire Code, ALL tents, canopies & tarps must be made of fire resistant material and you must have either a tag on the item or a certificate from the manufacturer stating such with you to show us -

NOTE: any tents, canopies or tarps that do not meet Columbus Fire Code will be removed - no exceptions! Provide your own displays and lights (ALL lights must be shielded or caged – no bare bulbs are allowed), heavy-duty outdoor electrical cords and trash can to keep your booth area cleaned up. Shelter and lighting is provided for Community/small Foods area only.

The festival provides no equipment for vendor use.

YOU MAY NOT BRING:

If accepted you may NOT bring charcoal grills or cooking devices, glass bottles (this should be a no brainer but you would be surprised). Leave any music or amplification devices at home unless you have earphones – the single largest complaint on the street fair is someone playing a amplified device and annoying the folks around them

(imagine listening to your least favorite music or presentation all week-end long from the booth next door) - plus like it's a music and art festival folks there is enough noise!!

**NO sewing machines, polishing devices, grinders, VCRs, TVs, radios, electric fans, computers.**

### Live music and Drums

You may not present live performance in or around your street fair booth, there is simply not enough room and your crowd will block your neighbor's customers, people trying to walk around and even cars during tear down. Drum Vendors - Drum Circles, while fun and energetic – actually are not fun for your neighbors who are trying to sell their wares, talk about their missions, tear down at night or who live on the edge of the park, and always must be limited in time span and cease without incident when requested to do so (at any time) by ComFest Safety, Street Fair or the Police.

### Items Not Allowed For Sale or Distribution Include:

If accepted you may not sell or distribute flea market type items, weapons, weapon-like novelties, items made from coral or ivory, bootlegged records, tapes or CDs, water (unless selected to do so), food, baked goods (that's food folks), any infringement on the ComFest (Community Festival) logo, any materials contrary to ComFest (Community Festival) Statement of Principles, any materials that advocate sexism, racism, violence or that are discriminatory or violent in content.

### BOOTH SHARING

If accepted you may NOT share your booth with anyone who has not participated in the selection process for 2020 and been accepted for the 2020 event. You may not let someone share if you have been blessed with space – the event has a selection panel that works very hard to select the mix of merchandise and informational materials to be presented. This is also a good way to get uninvited next year!

### ANIMALS

For the safety of the people and the animals, NO animals are allowed to accompany booth vendors (no animals in or around your booth – tied in the park behind your booth, left in your car or truck or in crates nearby), with the exception of working dogs for medical reasons, which must remain on a leash.

This means every animal! Leave them at home.

They will thank you and so will the festival.

## STAY IN YOUR BOOTH! THIS MEANS EVERYONE!

If accepted, ALL sales and distribution of materials must be conducted in your booth space. You are not allowed to roam the grounds and sell or hand out anything! Do not stand in the street in front of your booth.

## ELECTRICITY

Electricity is not guaranteed – bring a BATTERY-POWERED/ solar source of light with you for those temporary blackouts - The intent of the Festival in supplying power is for lighting only. The maximum allowable power for a booth is 250 watts (2.5 amps) at 120 volts. This is approximately three 60 watt or four 40 watt light bulbs. Vendors must have their own lamps or fixtures, NOTE: ALL light bulbs must be shielded or caged, NO bare bulbs, old-fashioned big bulb holiday lights that get hot, rope and icicle lights, quartz or fluorescent lights. If selected, you must bring heavy-duty outdoor type extension cords and a ground fault protector or multi plug with it's own circuit breaker. NO - You may not bring your own generator – small ones are noisy and pollute the general area around them. Have a solar one? Contact us at [COMFESTSTREETFAIR@GMAIL.COM](mailto:COMFESTSTREETFAIR@GMAIL.COM) and we will try to work something out.

## TENT CONFIGURATION

All tents must be fire rated, must fit in your space and can have no overhangs or awnings sticking out into the street. You MUST anchor your tents, either with buckets of cement, cement blocks, water jugs or other weights. In the Park stakes that go directly through the legs may be used – stakes with ropes may not

## COMFEST TOKENS

You may accept them but you have to use them yourselves  
you may not turn them in for cash.

Please review the above information - if your question is not answered you may email us at [comfeststreetfair@gmail.com](mailto:comfeststreetfair@gmail.com)

**Keep in mind that everyone who is working at the event is a volunteer, no one is paid to be helping you or in too many cases listening to you complain. Everyone is in this together and it is important you are part of the Team. The Festival reserves the right to not accept vendors who have broken the rules.**

## **Community Festival Statement of Principles**

The Community Festival is guided by its principles. The principles are statements of what the members believe are basically important. They are:

We think that people ought to work for the collective good of all people rather than for personal gain

We support cooperation and collective activity rather than competition and individual profit

We believe that the basic necessities of life are a right and not a privilege

We believe that people have the collective right to control the conditions of their lives

We believe that people should strive to conduct their lives in harmony with the environment

We recognize that there are primary attitudes that divide and oppress people; these attitudes are usually shown by prejudice against people on the basis of age, class, ability, income, race, sex, and sexual preference or orientation.

We seek to eliminate these attitudes.
